INTRODUCTION

*Chairman/President
Stephanie Hightower*

*Interim CEO
Michael McNees*

April 2011

On behalf of USA Track & Field (USATF) and the National Youth Athletics Division, we bring you the 2011 edition of the USATF Youth Guide. As a Youth Committee member, Association administrator, or supporter of USATF, we hope this resource serves to inform and enhance your ability to work on behalf of USATF youth programs.

USATF youth programs continue to grow as a result of your ongoing hard work and dedication. Track and Field remains the #1 participatory sport among junior high and high school athletes. USATF youth numbers jumped to over 2000 youth clubs and nearly 63,000 youth athletes in 2010. We look forward to another outstanding year of youth participation as we head to Myrtle Beach, South Carolina for the World Youth Track & Field Trials and the USA Youth Outdoor Track & Field Championships, Wichita, Kansas for the National Junior Olympic Track & Field Championships and then back to Myrtle Beach, South Carolina for the National Junior Olympic Cross Country Championships.

Thank you for your continued dedication and support of USATF youth programs. In addition to the Youth Guide, the Youth Athletics Committee and the National Office liaisons (Andy Martin, Tricia Floyd, and Marilyn Turner) are always here to provide support and answer questions.

Good luck during the upcoming season!

Warm regards,

Lionel Leach
National Youth Athletics Chair

Andy Martin
Dir. of Grass Roots Programs

USA TRACK & FIELD GRASS ROOTS PROGRAMS

MISSION STATEMENT:

USA Track & Field drives competitive excellence and popular engagement in our sport.

The backbone of USATF's pursuit of excellence is its developmental programs -- grass roots outreach efforts shape the next generation of champions and maintain our status as the World's #1 Track & Field Team. These grass roots efforts include:

USA Junior Outdoor Track & Field Championships: A national championship with entry based upon qualifying standards. This event serves as a qualifier for international competitions (e.g. World Junior Championships, Junior Pan American Championships) and annually attracts 1,000 athletes ages 14 through 19. The USA Cross Country Championships also has a Junior division competition.

USATF National Junior Olympic Track & Field Championships: A national championship series consisting of preliminary meets, Association Championships, Regional Championships, and a National Championship. **Athletes advance by place at the Regional Championships.** National Championships attract more than 9,000 entries and over 6,000 competitors. Junior Olympic Track & Field is the most visible developmental program in the world.

USA Youth Outdoor Track & Field Championships: A national championship with entry based upon achievement of performance guidelines per event. The USA Youth Outdoor T & F Championships is **club-oriented**, with team championships awarded in every age division. On average, the event attracts nearly 2,500 participants and is well attended by many of USATF's more than 2,000+ youth member-clubs each year.

USATF National Junior Olympic Cross Country Championships: Entry and advancement follows the model of the Junior Olympic Track & Field Championships with a progression series of competitions leading to the National Championships. Individual and team trophies are awarded at the National Championships that annually attracts more than 2,500 athletes.

IAAF World Youth Championships: The 2011 IAAF World Youth Athletics Championships will take place in Lille, France on July 6-10, 2011. Since 1999, a World Youth Athletics Championship has been contested in odd years for athletes age 16-17. Selection to the World Youth Team will be based on performance at the 2011 World Youth Track & Field Trials to be held June 28-29, 2011 in Myrtle Beach, SC.

REGIONAL COORDINATORS DESCRIPTION

Regional Coordinators must possess knowledge, integrity, and a sense of fair play. Regional Coordinators' primary functions are those of service and information.

From time to time, a Regional Coordinator may be called upon to answer questions or even handle disputes, should they arise. Disputes that are not resolved by the Regional Coordinator can be presented to the Zonal Representative. If the dispute is still not resolved, the Zonal Representative will present the matter to the Youth Athletics Executive Committee for final resolution.

Duties of Regional Coordinators include (but are not limited to) the following:

1. Facilitate communication with member Associations to the benefit of all member clubs and athletes.
2. Manage situations that might be unique to the specific Region and affiliated Associations so long as they are in harmony with the National guidelines, rules and procedures.
3. Follow the USATF Rule Book. Requests for athlete waivers into the National competition must be presented to the Youth Executive Committee based on extraordinary circumstances for approval. Regional Coordinators cannot waive athletes into the National Championships.
4. Take responsibility for establishing the Regional Junior Olympic meet sites and meet directors in cooperation with the Association Youth Chairs of the Region. Assure that the Regional meet will be conducted on or prior to the date established by the Youth Calendar Committee.
5. The Regional Coordinator shall establish and publish rotation policies for the Region in cooperation with the Association Youth Chairs of the Region. A change to rotation policies or site locations can only take place under extraordinary circumstances or conditions. The Association hosting the Regional Junior Olympic meet must provide the Regional Coordinator with a maximum four nights housing and four days per diem at \$35.00 for track and field, and two nights housing and two days per diem at \$35.00 for cross country.
6. Establish a Regional schedule of events for the track in cooperation with the Association Youth Chairs of the Region. Review field events schedules which depend on facility make-up.
7. Verify that meet information flyers pertaining to the various competitions fully describe all necessary information, especially qualification criteria for all future subsequent competitions.
8. Serve as the Referee for the Regional Junior Olympic competition, if qualified, or appoint the Regional Junior Olympic Meet Referee(s) (requires certification as National or Master level official). Rule 300.3 (c). Establish the Youth Chairs or their designees as the Jury of Appeals.
9. Attend the Regional Championships to assist with meet management and ensure results/back-up files are forwarded to the National online entry system in a timely fashion for online declaration.
10. Attend the National Junior Olympic track and field and cross country meets to support the regional athletes and perform any duties assigned by the National Youth Chair.
11. Perform any and all duties that may be assigned by the National Youth Chair as needed.

***MEET RULES

USATF JUNIOR OLYMPIC PROGRAM

Junior Olympic Track & Field

With roots tracing back to Ancient Greece, track and field is the centerpiece of the Olympic Games. From the 100 meter dash to the discus throw, athletes set new standards for excellence in sports. USATF's Junior Olympic Track & Field program is a wellspring of this excellence.

America's next generation of track and field stars compete throughout the summer. Over 6,000 of these athletes qualify for the USATF National Junior Olympic Track & Field Championships held during the last week of July. Entry for the national championship is based on athlete performances at preliminary, Association, and Regional levels.

Advancement Process

- ***Qualifying from Association Championships to Regional Championships***
Per USATF Rule 305.1(d): "An Association is allocated, by agreement with other Associations in its Region, a certain number of athletes and relay teams from the Association level to the Regional level through the Association Championships."
- ***Qualifying from Regional Championships to the National Championships***
Per USATF 305.2 (d): Track & Field shall advance five individuals and five relay teams from each Regional to National. These shall be the top five finishers in each event. The combined events shall advance the top two placed individuals and any others who meet a performance standard at the Regional Championship. The performance standard for all events is the average of the 8th place in the last three National Junior Olympic Championships. The host Association shall qualify a like number.

Junior Olympic Cross Country

Cross country dates back to the turn of the 20th century as an Olympic Sport when it was contested as a team and individual event at the 1904, 1912, 1920 and 1924 Summer Games. The Olympic spirit is still alive in the sport today as thousands of youth athletes compete throughout the fall in USATF's Junior Olympic Cross Country program.

The Junior Olympic Cross Country program culminates each December when more than 2,500 youth cross country runners hit the course to compete in the USATF National Junior Olympic Cross Country Championships. Entry for the national championship is based on athlete performances at preliminary, Association, and Regional levels.

Advancement

See USATF Competition Rule 305.3 for specific rules on qualifying for the National Championships. Generally, the first 20 individual finishers and first three teams in each age division at the Regional Championships will qualify for the National Championships. Athletes and teams from some Associations will qualify directly from their Association Championships as follows: top 10 individuals and 1st team in each age division. Contact your local association or regional meet director to learn more about how to qualify for the National Championships. Participant numbers are fixed and no alternate athletes may advance if qualifying athletes or teams choose not to enter the National Championships.

All entry forms for the National Championships will be submitted through the online entry declaration process – entries cannot be accepted by any other method.

AGE DIVISIONS

Youth competitions typically take place in two-year age divisions. These age divisions provide young athletes the opportunity to compete with other athletes of similar ability. The age divisions for **competition year 2011** are as follows:

<u>Age Division</u>	<u>Year of Birth</u>
Sub-Bantam	2003 +

If the meet does NOT have any qualifying implications to the JO program it should be called an Association Developmental Meet.

Both types of events are eligible for free ribbons and the reduced sanction fee of \$50.00.

National Championships	top 8 medals	top 8 medals	top 25 medals

3. Additional awards may be purchased from USATF.

YA PROCEDURE 102: USA YOUTH OUTDOOR CHAMPIONSHIPS RELAY PROCEDURES

1. In order to enter a relay on-line in the USA Youth Outdoor Championships, all athletes must be USATF members and designated with a USATF Club Number in the USATF Membership Database. Participation of relay teams shall be limited to those clubs that hold a current valid club membership in USATF prior to the on-line registration deadline of the Championships. Any athlete listed in the USATF Membership Database with a club designated in the same division/sex is eligible to run on a relay team of that club.

Reminder: A club must be registered and approved through their local Association before it can be processed at the USATF National Office and put in the USATF Membership Database. This process takes a minimum of one week.

2. To change club affiliation in the USATF Membership Database, the parent/guardian must contact the association membership chair per the procedures outlined in Regulation 4 prior to on-line registration of the relay.
3. When registering on-line, select a relay - 4x100, 4x400, or 4x800 - age division, and sex.
 - a. A club's team roster will appear in alphabetical order on the screen.
 - b. Select a minimum of four (4) or a maximum of six (6) athletes for the relay.

Note: The on-line system prevents selecting an athlete from the wrong age group.

4. When registering an athlete in the meet as "roster" but he/she is not one of the six athletes entered on the relay and is not in any individual events, then, enter the athlete in the event called "other" (relay roster only) for the cost of one (1) individual event. This athlete will then be eligible to run on any relay.
5. When the club's relay team checks in at the clerking area, four athletes must be present to check in to be eligible to run. To change composition of the team, any athlete not listed on the heat sheet, can be substituted by the clerk provided he/she has a competitor number listing him/ her with the club in the right division/sex provided he/she does not exceed the eligible number of events.
 - a. An athlete may drop an event to compete on a relay team as long as he/she has not competed in any round of that event. A "no show" in an event does not constitute a drop in an event. A change form must be submitted at registration 1 ½ hours prior to the event to be dropped.

Youth Athletics Procedures

- b. If an athlete is listed in the USATF Membership Database with a club and is needed to run, but is not registered in the meet , he/she can be entered in relay “other” (relay roster only) and issued a competition number provided he/she pays the late fee listed in the meet information.
6. Per USATF Rule 302.3(d) All participants shall wear a top of a same color as well as shorts of a same color at the National Championships. The Games Committee shall assign an individual to review colors of team uniforms in the clerking area.

YA PROCEDURE 103: JUNIOR OLYMPIC RELAY PROCEDURES

1. To enter a relay in the Junior Olympic Program, a club coach or administrator must enter the relay online.
 - a. In order for an athlete to be eligible on a club roster, he /she **MUST** be a member of USATF and **MUST** have the club number listed on his/her membership in the USATF Membership Database. Each club must be a current USATF registered club.
 - b. Coaches are encouraged to select every eligible athlete in the same division and sex of the club (whether participating in this relay or not) on the roster. **Note 1:** There must be a minimum of four athletes in the same age division and sex to submit a Relay Roster.
 - c. Copy the completed relay roster for each age division and sex and enter one roster for each event:
 - 4x100 A, B, C, etc.
 - 4x400 A, B, C, etc.
 - 4x800 A, B, C, etc.

2. The relay must be entered at the first round of competition by the entry deadline of the meet as specified in the entry material whether the preliminary or the association meet. **Once the team is entered at the first level, no additions or alterations can be made.**

3. To declare a relay team into the meet, a club or coach administrator must do the following:
 - a. Declare online during the official entry period and pay the applicable entry fees.
 - b. When the club's relay team checks in at the event clerking area, four (4) athletes must be present to run. To change the composition of the team, any athlete can be substituted provided the athlete has a competitor number and is listed on the club's relay roster. To drop an event, a change form must be submitted at registration 1 ½ hours prior to the scheduled start of the event being dropped.

Note: The substituted athlete may not exceed the maximum number of events he/she is allowed to compete in at the meet per Rule 300.1(f).

Youth Athletics Procedures

4. To advance a Relay team to the next level of competition, a club's relay must **compete** and **qualify** at the current level. The makeup of the relay need not be the same throughout the rounds or various levels of competition as long as the athletes are listed on the original relay roster submitted at the first level.

YA PROCEDURES 104: HY-TEK ENTRY FOR JUNIOR OLYMPICS

1. These are instructions for Entry Input into Hy-Tek 2.0 Meet Manager.
2. A meet set-up file will be sent to association youth chairs by the regional coordinator. This file should be forwarded to the individual assigned to input the entries for the meet. The file is set up for the national meet; it is the meet manager and/or timing company's responsibility to change the event set-up (entry fees, rounds & sessions) to the format used for the preliminary, association and/or regional championship meet as needed.
 - a. DO NOT change the event names or numbers.
3. Format for Entering Clubs
 - Team Abbreviation – Association # followed by two letter abbreviation
 - Example: 11PR
 - Full Team Name – Enter the team name (no assoc. # or region # needed)
 - Alternate Abbreviation – Enter the USATF Club # (optional)
 - This should be done at the association level
 - Short Team Name – Enter the same full name or abbreviated version if that does not fit in the field
 - Make sure the abbreviated name can be distinguished from another team with the same name from a different region
 - Select the appropriate association and region from the drop down boxes
4. Entering Athletes
 - USATF Membership # should be entered for all athletes
 - Make sure the option is selected in the set-up
 - Select – Set-Up on the top toolbar
 - Select – Athlete/Relay Preferences
 - Select “Enter Registration Numbers”
5. Entering Relays
 - Enter Relay in the Relay Menu Screen or by selecting the relay event for each athlete
 - A minimum of four and a maximum of six athletes should be selected for the cost of the relay
 - Additional alternates should be entered by selecting the “Other” event from the list of eligible events
 - An entry fee is required for all athletes with the “Other” event selected.

NOTE: The “Other” event is for relay alternate athletes not entered into the meet in any other events and over the maximum of six athletes included in the cost of the relay.

HOW TO RESOLVE A CONFLICT

Most conflicts can be resolved at the Association level. If you have a conflict, please first contact your Youth Chair (see Page 16). Second, please notify your Regional Coordinator (see Page 12). In cases where the first two communications are unsuccessful, please contact your Zonal Representative (see page 9). If further assistance is still needed, contact the Youth Executive Committee (See page 9).

USATF BYLAW/REGULATION INTERPRETATION ADVISORY

(Consult USATF Governance Handbook for Regulation 4)

The following is information on eligibility to compete in Youth Athletic Competitions with respect to the athlete's USATF Association and Club Affiliation.

REGULATION 4 REPRESENTATION

A. General: An athlete shall be considered a member of the Association in which the athlete is a bona fide resident except as otherwise provided in paragraph B below:

B. Residency exceptions:

1. Residency exceptions: Except as provided in Article VI, Section 1, Youth Athletics, Rule 300, General Rules, 1 (h) of the USATF Competition Rules, USATF shall permit an athlete to transfer membership to an Association other than the one in which the athlete resides.

Below you will find USATF Legal Council advisory, in Q&A form. This should provide a consistent interpretation of what constitutes "representation of a club" and thus allow our associations to deal with this situation in a more efficient manner.

1. **How long must an athlete wait prior to transferring from one club to another?** There is a 90 day "waiting" period for transferring from one USATF member club to another USATF member club (See Regulation 4-C-2). The 90 days is measured from the date the athlete last competed in a USATF sanctioned competition. An athlete is not eligible to represent a club in a USATF sanctioned competition if he/she has represented another club during the previous 90 days.
2. **Where can representation occur?** Representation can only occur in a USATF sanctioned competition. (See USATF Regulation 4-C-2). Thus, competition in an event not sanctioned by USATF does not constitute representation.
3. **What factors may determine the intent of an athlete to represent a club?** The following may be used to determine the athlete's intention to represent a club: a) club name appears on a submitted entry form or seed card, b) club affiliation is indicated in the results, and c) club uniform is worn by the person. A USATF membership application that indicates a club on it may be used to show intent if the date of application is proximate to the date of the competition in question.

4. **Does an athlete and/or club have to be a member of USATF at the time of representation?**

Yes, Pursuant to Regulation 4-A-1, "An athlete may compete as a representative of a local club, educational institution, or other organization, and additionally may be listed as competing for a club and/or sponsor, subject to USOC Regulations. The club and athlete must be members in good standing of USATF."

If a club is not a current member organization, athletes may not officially represent that club in competition.

Rule 300 1 (h)

A Youth Athlete must compete in the Association of residence in which they permanently reside. 'Permanent Residency' is defined as the address of residence of the youth athlete's parent/legal guardian on the day of the close of registration. Proof of residency can be provided by Tax Statements, or utility bills at the place of residency. Youth athletes can compete in their Association of Permanent Residency as an unattached athlete or as a member of a club and represent the said club by wearing a team uniform and participating on a relay.

The following are exceptions to this rule:

- i. Athletes that live with one custodial parent/legal guardian in the summer in one Association and another custodial parent/legal guardian in another Association during the school year, shall be considered permanent residents of both Associations. These athletes may choose to only have one membership number under one Association, but will have the right to run with a different club in the residence of summer and have all rights and privileges of that Association. Proof of legal guardianship may be requested for proof of residency. It shall be the sole responsibility of the applying athlete to secure and furnish all necessary documentation to substantiate any request for consideration of an application of this rule.
- ii. Athletes that have no parent/legal guardian residing in an Association may compete in that Association for 'just cause' with the approval of both the Youth Chair and Membership Chair of both the Association of 'Permanent Residency' and the association of 'Non-Residency'. Non-Residence athletes may not represent a club or wear a club uniform in the Association of 'Non-Residency'.
- iii. Athletes that have no parent/legal guardian residing in an Association may compete in a bordering Association for 'just cause' with the approval in writing of both the Youth Chair and Membership Chair of both the Association of 'Permanent Residency' and the Association of 'Non-Residency', and placed on file in the National office.

USATF Bylaw/Regulation Interpretation Advisory

The aforementioned exceptions still do not permit youth athletes to “transfer” their memberships. Youth Athletes must instead complete and submit a waiver to compete in an Association of Non-Residence which should be signed by the youth chair and membership chairs of the two associations confirming agreement and approval.

Please contact your youth chair to obtain this form.

ORGANIZING

SUGGESTIONS FOR ORGANIZING AND PROMOTING A YOUTH COMPETITION

ORGANIZING COMMITTEE This committee should bring together a representative cross section of a community or area - track and field leaders and coaches, newspaper and radio, business, service clubs, Conventions & Visitors Bureau, industry, civic officials and labor - to consider the idea to bid on a youth competition.

Items to be discussed include type of meet, date of competition, facilities available, tentative list of teams and available athletes, tentative budget and the recommendation for selection of a chairman. After a chairman is selected, the committee should choose a meet director-someone who has a thorough understanding of track and field and has a good relationship with schools, colleges and clubs of the region.

MEET DIRECTOR In the smallest or the largest meet, the Meet Director is the key to the entire presentation. He/She must be a person who not only understands the sport but must also be able to direct the efforts of others and have a general understanding of all aspects of meet planning. Subsequently, the Organizing Committee should create and select a Games Committee as the working organization for the Meet Director.

GAMES COMMITTEE Many of the members of the Organizing Committee will have a desire to serve on the Games Committee. The primary purpose of the Games Committee is to give the Meet Director assistance and guidance in specialized areas of track and field promotion. This committee should have as members, individuals who have experience in finance, housing, transportation, publicity, radio and television, advertising, printing, community leadership, etc. This group will offer technical know-how as well as contacts and personal relationships for the overall meet promotion.

CHECKLIST OF HELPFUL SUGGESTIONS

SANCTION: Obtain sanction for participation of athletes and teams as required by the local Association of USA Track & Field. Remember that your competition must be conducted exclusively under the auspices of USA Track & Field.

DATE: Notify athletes, schools and clubs through proper channels of the event date. This should be done several months in advance of the event date.

ENTRY SHEETS: Prepare a proper entry form to comply with requirements of your USATF Association. Entry for the Junior Olympic program must be conducted thru the online entry system selected by the Youth Executive Committee.

ENTRY FEES: Determine fee, if any, to be charged. This should be in line with fees charged by other meets and in accordance with the national guidelines.

PROMOTION: Select a publicity director who is well versed with the sport and who has a good relationship with local newspapers in sports and general news. Early releases relating to the planning and progress of the meet are important.

TENTATIVE SCHEDULE OF EVENTS: As soon as the format of the meet has been developed, the Meet Director should organize a tentative schedule of events. The best guidance for this task is knowledge of the events and the rule book. The schedule must not only follow a proper order but the interval of time between each event must allow for the completion of the previous event and the calling of the next event. Other details should acknowledge the variety of events to maintain spectator interest.

AWARDS: The Games Committee should appoint an awards committee early in the planning stages to determine appropriate awards for all events and places. USATF furnishes awards for the Junior Olympic Program (see page 40).

PROGRAM: The program is one of the strongest aspects of a meet. A good program brings spectators back next year and is also a document which athletes prize. Advertising sales, program editing, and program sales are all important. An editor should be selected. The Games Committee should take on the task of personal contacts for advertising. Sometimes a local service organization such as the Junior Chamber of Commerce will assist with the task for the public service recognition.

OFFICIALS: Working with your local USATF officials association is very important. No meet can be properly conducted without competent officials. The supervisor of track and field officials for your local Association of USA Track & Field's Officials Committee should be notified of your requirements at least three months before your meet is presented. All officials, including the referee and starter, should be requested.

INFORMATION FOR ATHLETES, TEAMS AND COACHES: Make certain that detailed information is mailed in advance to all persons concerned with the actual competition and that up-to-date information is being posted to your website.

TRANSPORTATION AND HOUSING: If out of district athletes are participating in your meet, a sub-committee should arrange all arrangements for their arrival and departure. Again, local service groups like to assist with transportation. Your convention bureau or motel-hotel association can be a great help.

STADIUM: Preparation of stadium and track should be arranged sufficiently in advance to permit modifications and improvements of facilities if necessary.

CEREMONIES AND PAGEANTRY: The Games Committee should determine what ceremonies and pageantry should go with the meet. Remember that the most important aspect of the affair is the competition.

POLICING: A local police representative should be invited to serve on your Games Committee. With this relationship you may avoid off-duty officer charges. They will assist with traffic and crowd control.

TRAINERS: First aid, medical and training facilities for athletes are important. Local school and club trainers are often willing to assist if supplies and facilities are provided by the meet.

You should also have a doctor on your Games Committee.

PRESS BOX SERVICE: Have a competent person in charge of the Press Box during the meet. Results from the field should reach the press box immediately after each event. The press steward should have sufficient secretarial help with duplicating equipment to get results to all press as soon as possible.

ANNOUNCER: Do not select someone who likes to talk for the job. Get a genuine authority on the microphone, one that is impartial and has a good voice. He will help your meet. He should have adequate assistance.

PARKING: Plan ahead for special parking for officials, press, competitors and spectators. This is your problem to work out with the local police officials.

SURVEYOR'S REPORT: Have your facilities surveyed before your meet. Have starts and finishes properly marked, as well as staggers for relays. Check elevation and levels of field events areas and runways.

BRIEFING OF OFFICIALS: Immediately before start of meet. The meeting is important because they are the persons who carry out the dictates of the rulebook. They should know all about your facilities as related to the assignment.

MEET MANAGER: A meet manager should be appointed to direct the mechanics of the meet on the day of competition. He should have three assistants: equipment supervisor, field supervisor and track supervisor. They are concerned with the equipment and mechanics of their assignment, which is determined by the Meet Director.

MEET EQUIPMENT: The Games Committee, through the Meet Director, shall determine that all equipment specified in the USA Track & Field Competition Rules be available and in proper working order at the time of the meet. This includes starting blocks, standards, finishing tape, public address system, jumping pits, lap scoring cards, lights, etc.

RESULTS: Compile meet results for prompt distribution to all competing organizations and the press. If necessary, personally deliver results to local media if they cannot attend the meet.

NAME OF MEET: Finally, always refer to your competition as a USATF Junior Olympics or USATF Youth Athletics meet to avoid confusion. The proper title should appear in all written correspondence, press releases, etc.

QUESTIONS AND INQUIRIES

From time to time there are many unanswered questions or simply a need for clarification. Most of your questions will be answered after studying the USATF Youth Guide, USATF's Competition Rules or the USATF Governance Handbook. (The Governance Handbook includes the Bylaws and Operating Rules of USA Track & Field.) In the event your questions are not fully answered by these three publications, contact your Youth Athletics Association Chair. You may also direct your question to your Regional Coordinator, the USATF National Office, or the Youth Athletics Committee.

TIPS ON BIDDING FOR A NATIONAL CHAMPIONSHIP

1. **DETERMINE THE SCOPE OF THE BID** - The scope, essential characteristics and requirements for staging successful USA National Championship events vary greatly. Some championships are part of a larger existing event, while others are stand alone events organized entirely from scratch. Some are large sports and entertainment productions that feature Olympic-caliber athletes, are televised internationally, and pay varying prize purses to the winning athletes, while others are smaller intimate events.
2. **DECIDE WHICH CHAMPIONSHIP(S) TO BID FOR** - It may be possible to bid for more than one Championship at a time. If this is your first time bidding for a National Championship, and your organization has never conducted a major track & field or road racing competition, we recommend that you consider bidding on a smaller Championship in order to gain experience.
3. **CONTACT YOUR LOCAL ASSOCIATION of USA TRACK & FIELD** - USA Track & Field is geographically divided into 57 local Associations, all of which conduct local track & field activities in their respective geographic areas. These USATF Associations are experts in conducting local, and in some instances, national-level competitions and may have many of the answers to your questions. We encourage you to work closely with your local USATF Association.
4. **CONSIDER ANY SPECIAL REQUIREMENTS** - Depending on the type of National Championship event you are bidding for, there will be special requirements and considerations. For example, the USA Youth Track & Field Championships have an anticipated competition pool of over 3,000 athletes. Weather conditions are always a consideration for outdoor Championships and special attention is paid to scheduling of long distance races. Some Championships may require a rights fee and/or minimum prize purse. We recommend that you consult the appropriate USATF Sports Committee Chairperson or the USATF Director of Events & Broadcasting at the National Office at (317) 261-0500 for assistance with these important requirements and considerations.
5. **CONTACT PERSONS WITH KNOWLEDGE AND EXPERTISE** - Please feel free to contact any of the national officers - all of whom have had experience with Championships - or the appropriate USATF National Office staff, for assistance with your bid.
6. **MINORITY PARTICIPATION** - It is the policy of USATF to encourage the use of Minority Business Enterprises ("MBE's"). The purpose of this program is to promote full and equal business opportunities for MBE's in bid contracting for championship events in accordance with the goals outlined at USATF's Annual Meeting. USATF serves a racially, culturally, socio-economically and otherwise diverse constituency. The organization seeks to create meaningful opportunities for participation of women, racial and ethnic minorities, and persons with disabilities, as well as encourage their participation in all its activities.

WIN WITH INTEGRITY

USATF's "Win With Integrity" reaches kids from coast to coast.

The *Win With Integrity* program is a USA Track & Field (USATF) program initiative aimed at educating youth, parents, educators, and coaches about the positive results that come from leading a physically active, drug-free lifestyle while living with integrity. A program in which the champions of track and field work directly with young people around the nation, the *Win With Integrity* program has evolved from a start-up program in 2004 into one of USA Track & Field's most successful initiatives.

"My motto is hard work knows no limit," says World Champion and 2006 Visa Humanitarian Athlete of the Year Lauryn Williams. "I always tell kids that no matter what your circumstances don't use that as an excuse. Work hard."

At each Win With Integrity visit, athletes speak to children about living with integrity, staying away from drugs of all kinds, being healthy and staying fit. Children interact with the athletes, asking them questions relevant to their own lives.

WIN WITH INTEGRITY: CLEAN KIDS PROGRAM

Win With Integrity - Clean Kids Program Continues for 2011

USA Track & Field will continue its youth-focused anti-doping efforts in 2011 by conducting in-competition drug testing at National Youth Championship events. The Win With Integrity - Clean Kids Program is a partnership with the U.S. Anti-Doping Agency (USADA) and is tied to USATF's Win With Integrity youth outreach program.

In 2008, USATF worked with USADA to distribute educational materials on drug testing and other anti-doping information to youth athletes at USATF's three youth national championship events. Additionally, athletes in the Youth, Intermediate, and Young divisions were required to view USADA's Doping Control Process video, which highlights the processes and procedures that occur during an in-competition drug test. In 2009, USATF officially began testing at all Youth National Championships. In 2011, USATF will continue to provide educational materials.

In 2011, drug testing will be conducted at the World Youth Track & Field Trial and USA Youth Outdoor Track & Field Championships in Myrtle Beach, SC; USATF National Junior Olympic Track & Field Championships in Wichita, KS; and the USATF National Junior Olympic Cross Country Championships in Myrtle Beach, SC. Athletes in the Intermediate and Young divisions will be subject to drug testing conducted by USADA.
